**Stare at the dot in the centre of the circles.**

**Move your head towards and away from the image, you should see the circles start to rotate. Move the opposite direction and they appear to move in the opposite direction.**

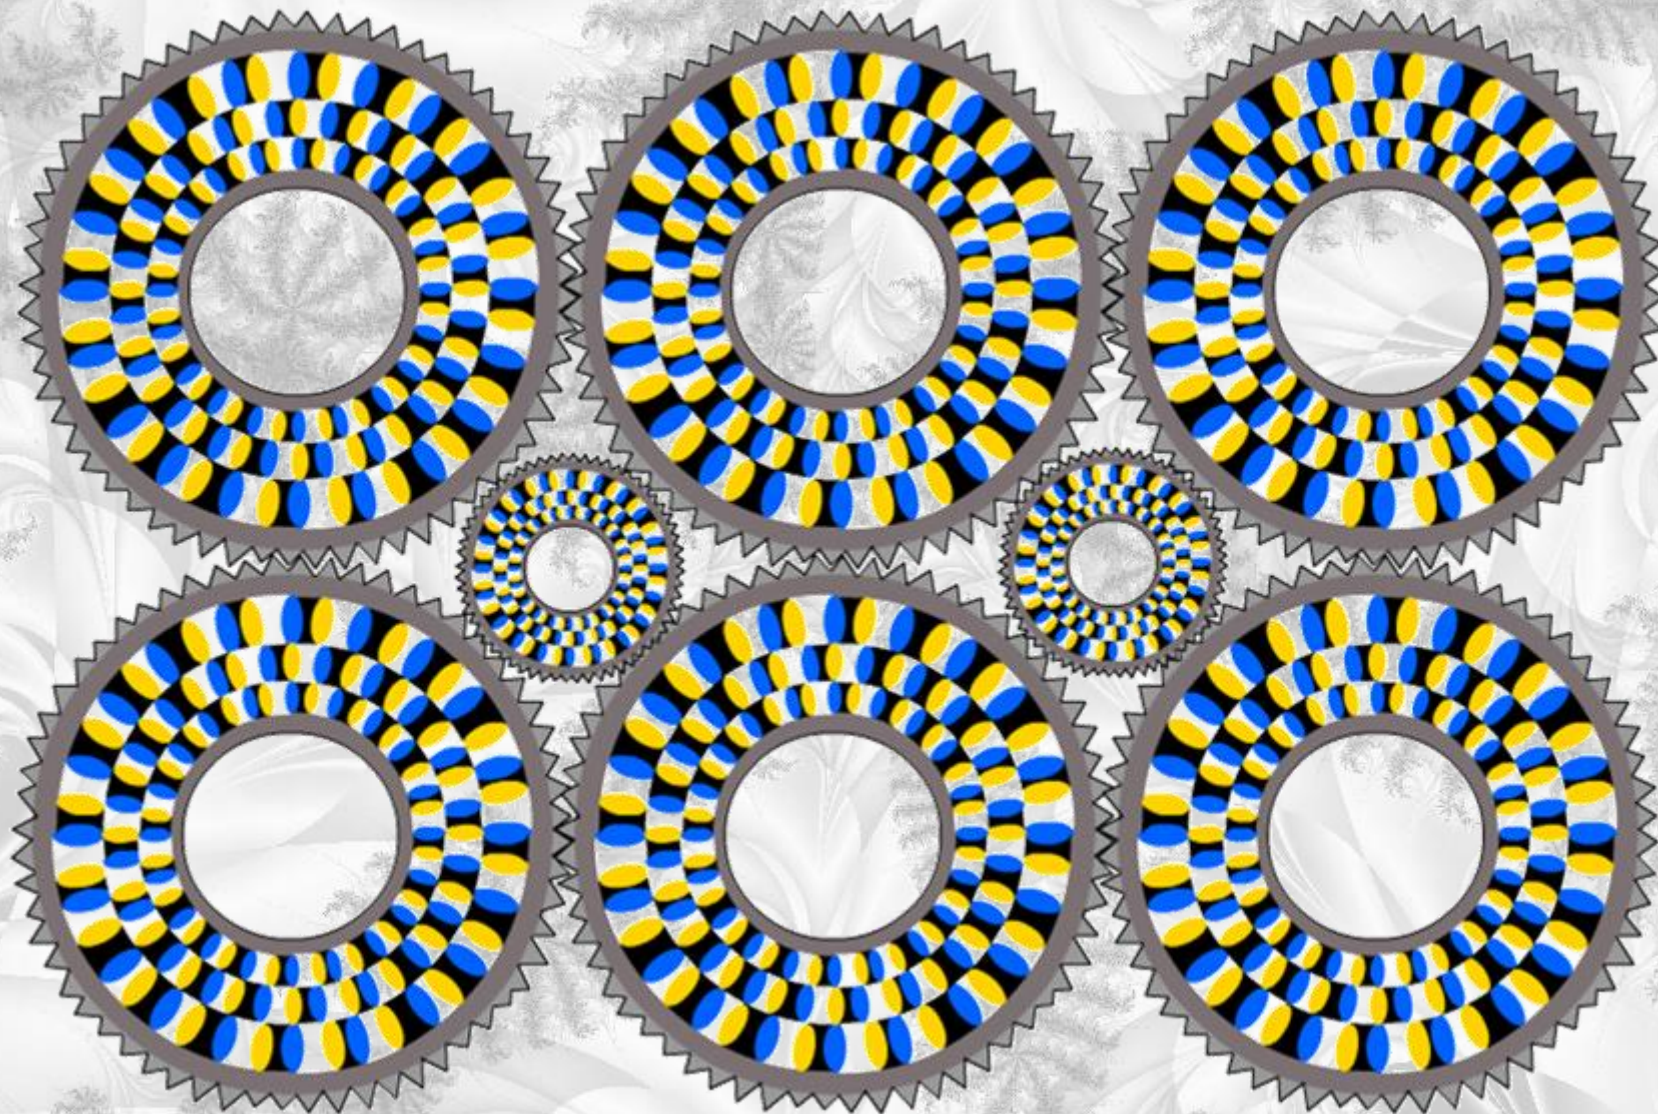

**Are these two pictures the same?**

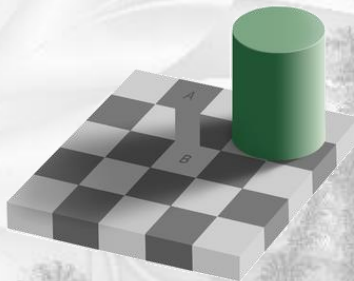

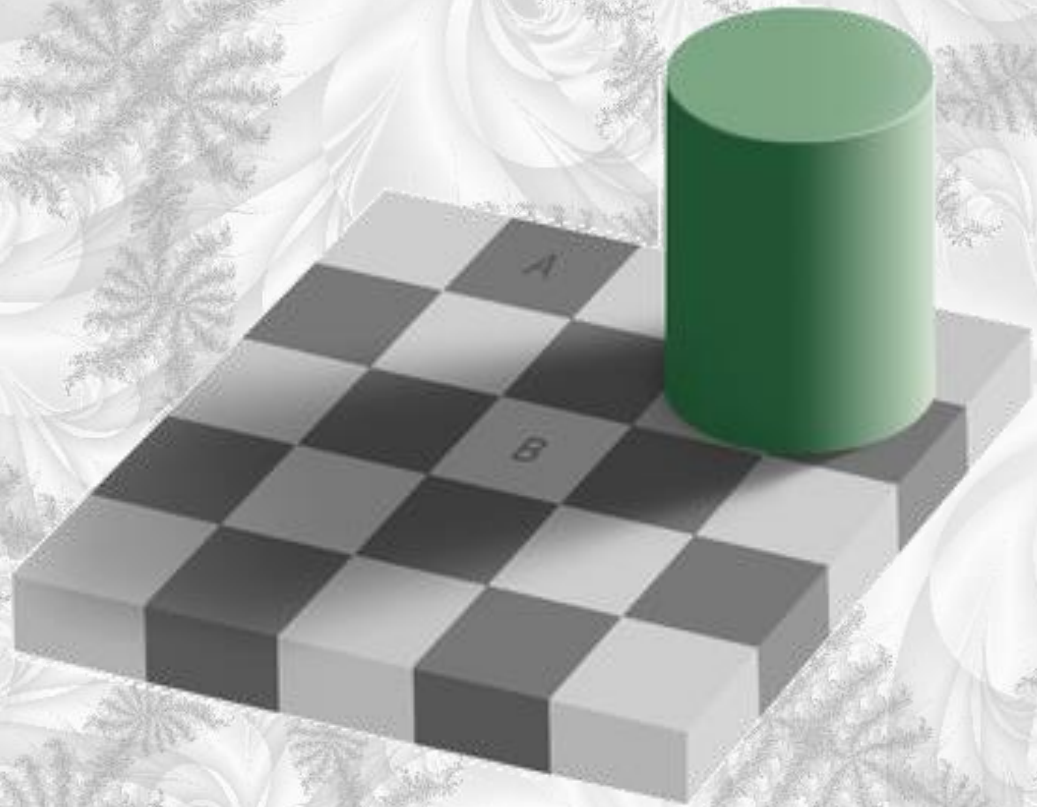

Look around the image and the cogs appear to start turning

Checkerboard  
pattern, with clearly  
marked squares on  
the board.

A and B are two  
different colours...  
right?

SULT OF YEARS OF SCIENTIFIC  
STUDY COMBINED WITH THE  
EXPERIENCE OF MANY YEARS.**

**The central bar is the same shade  
of grey throughout!**

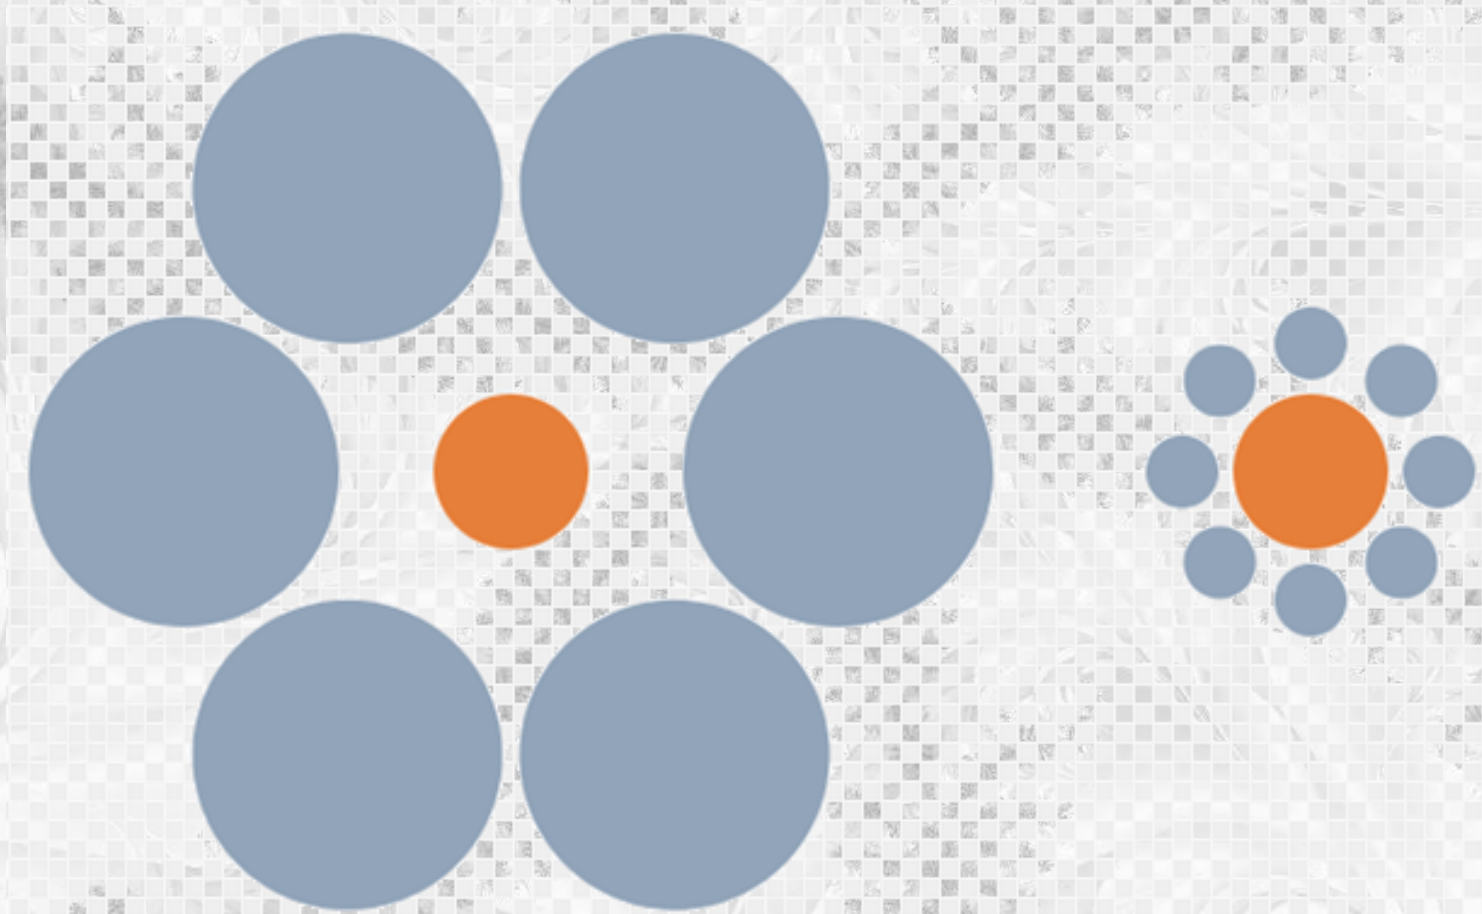

**The horizontal lines are all parallel**

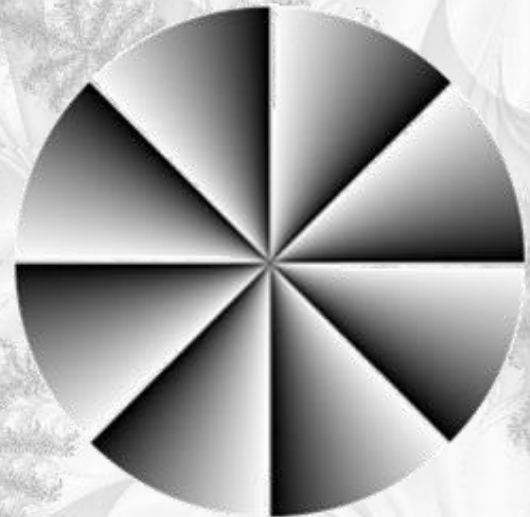

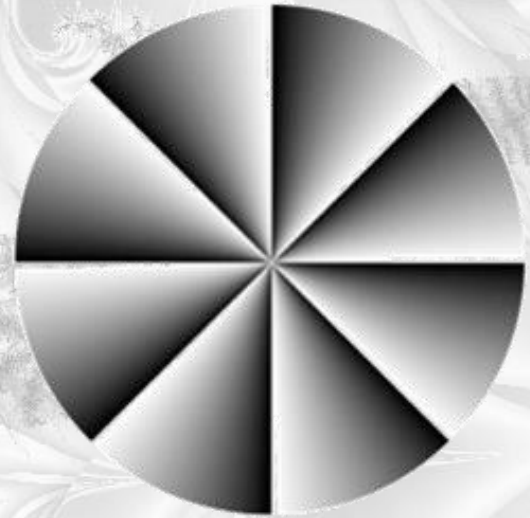

**Which red dot is larger? .... Sure?**

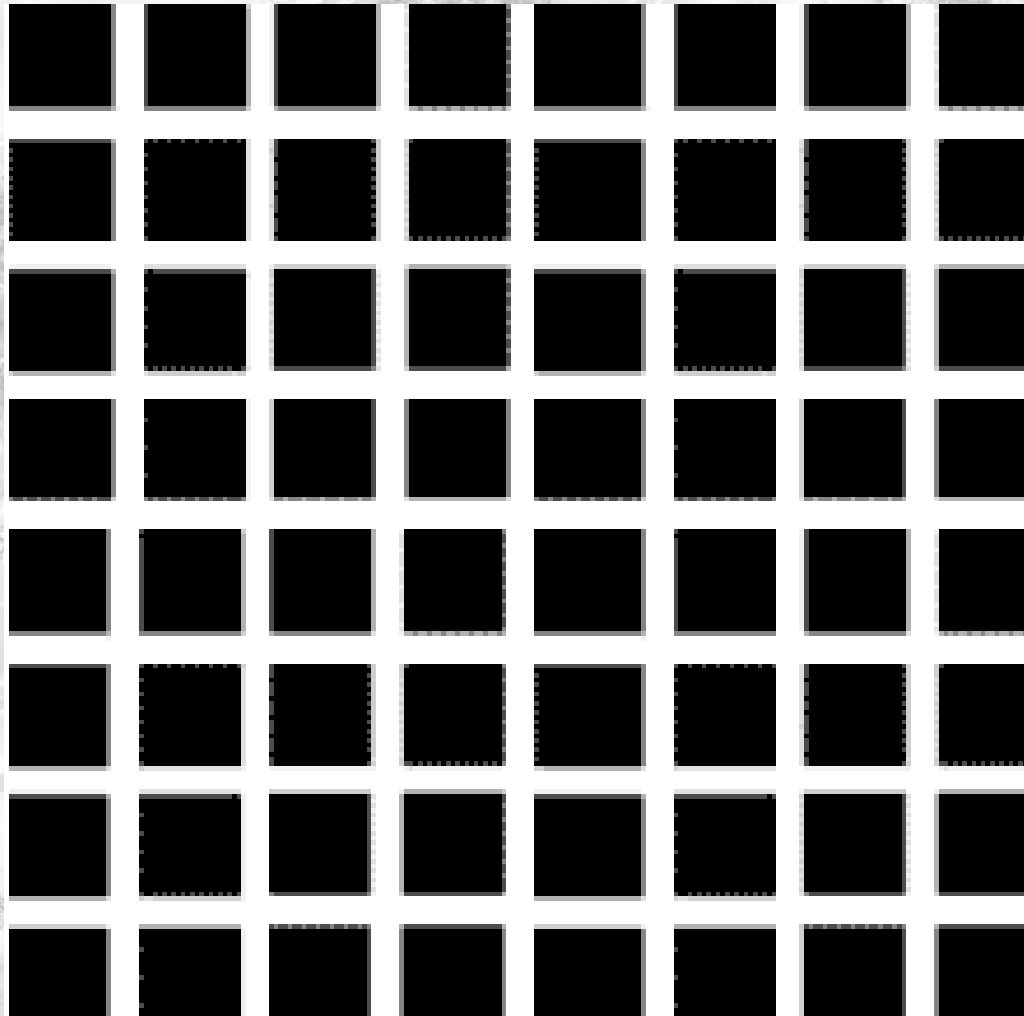

**Stare at the dot and  
blink rapidly.  
The wheels should start  
to turn.**

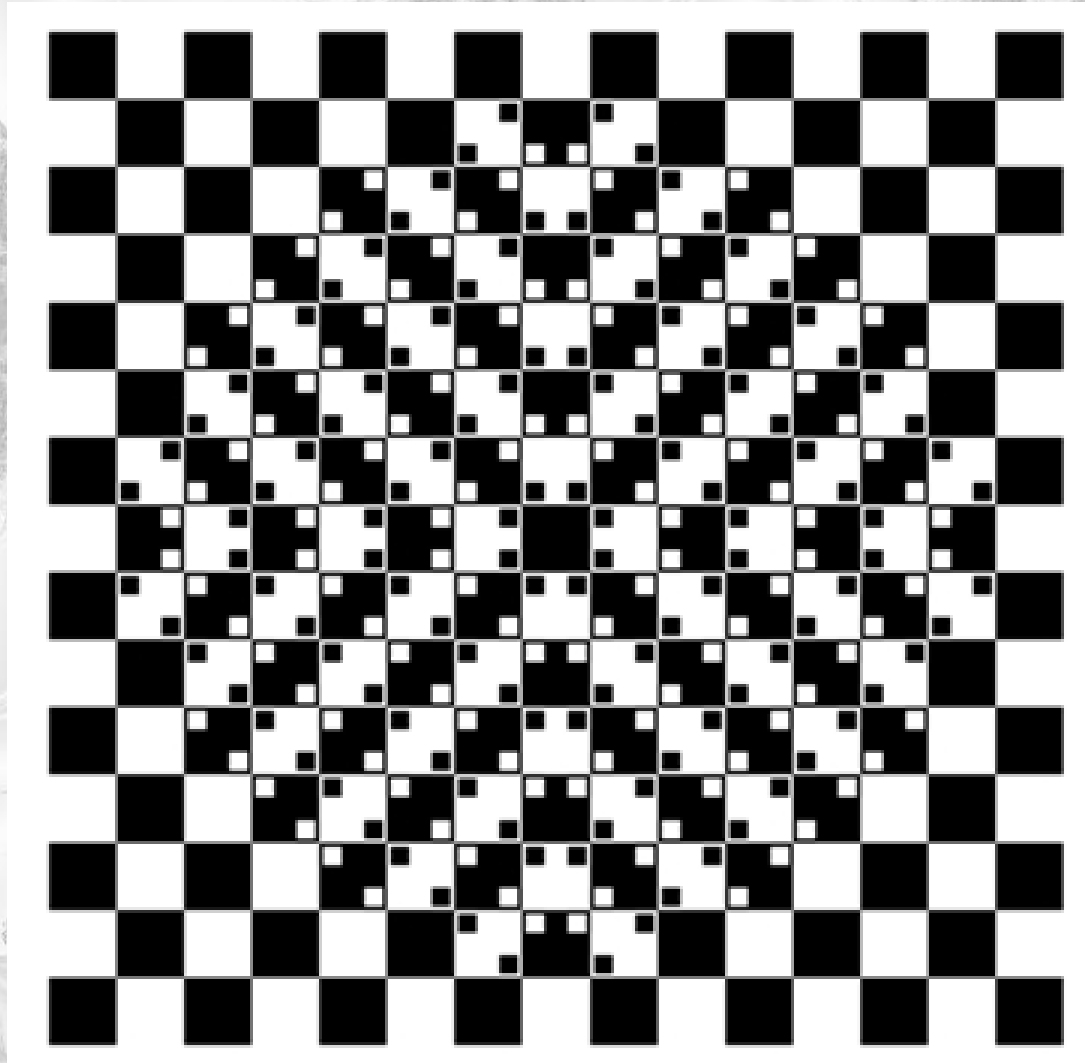

**Do you see grey blobs at the corners...?**

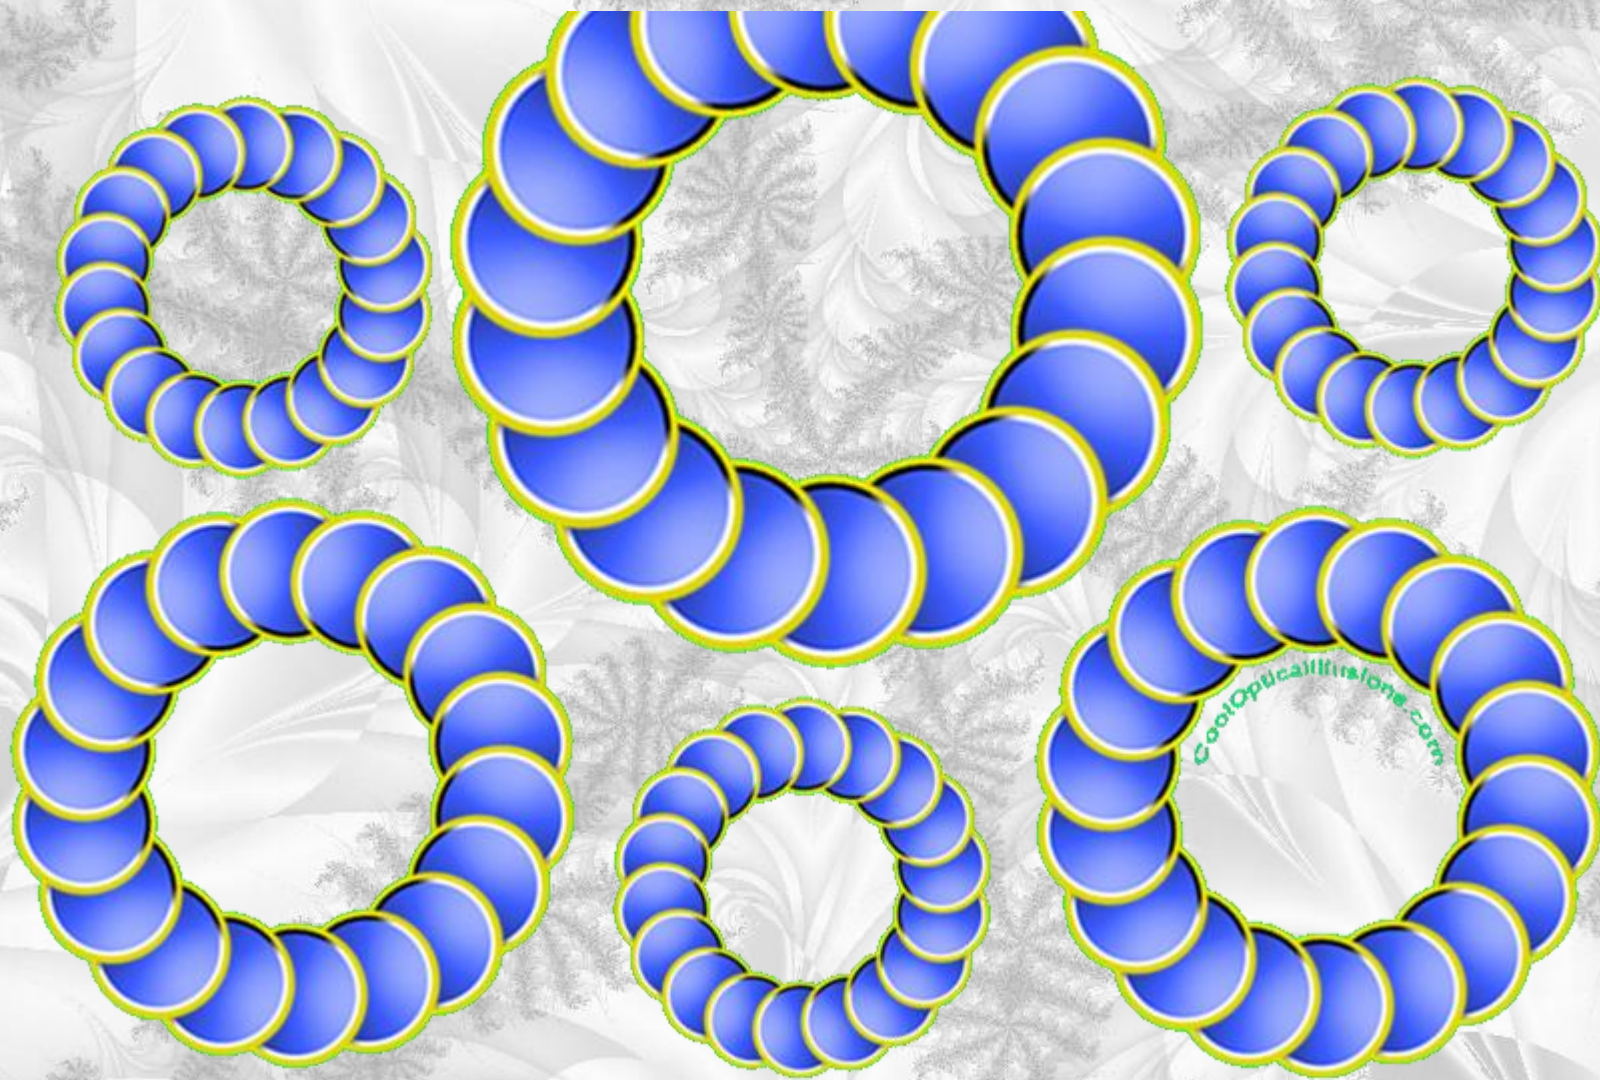

**All these straight lines are parallel...**

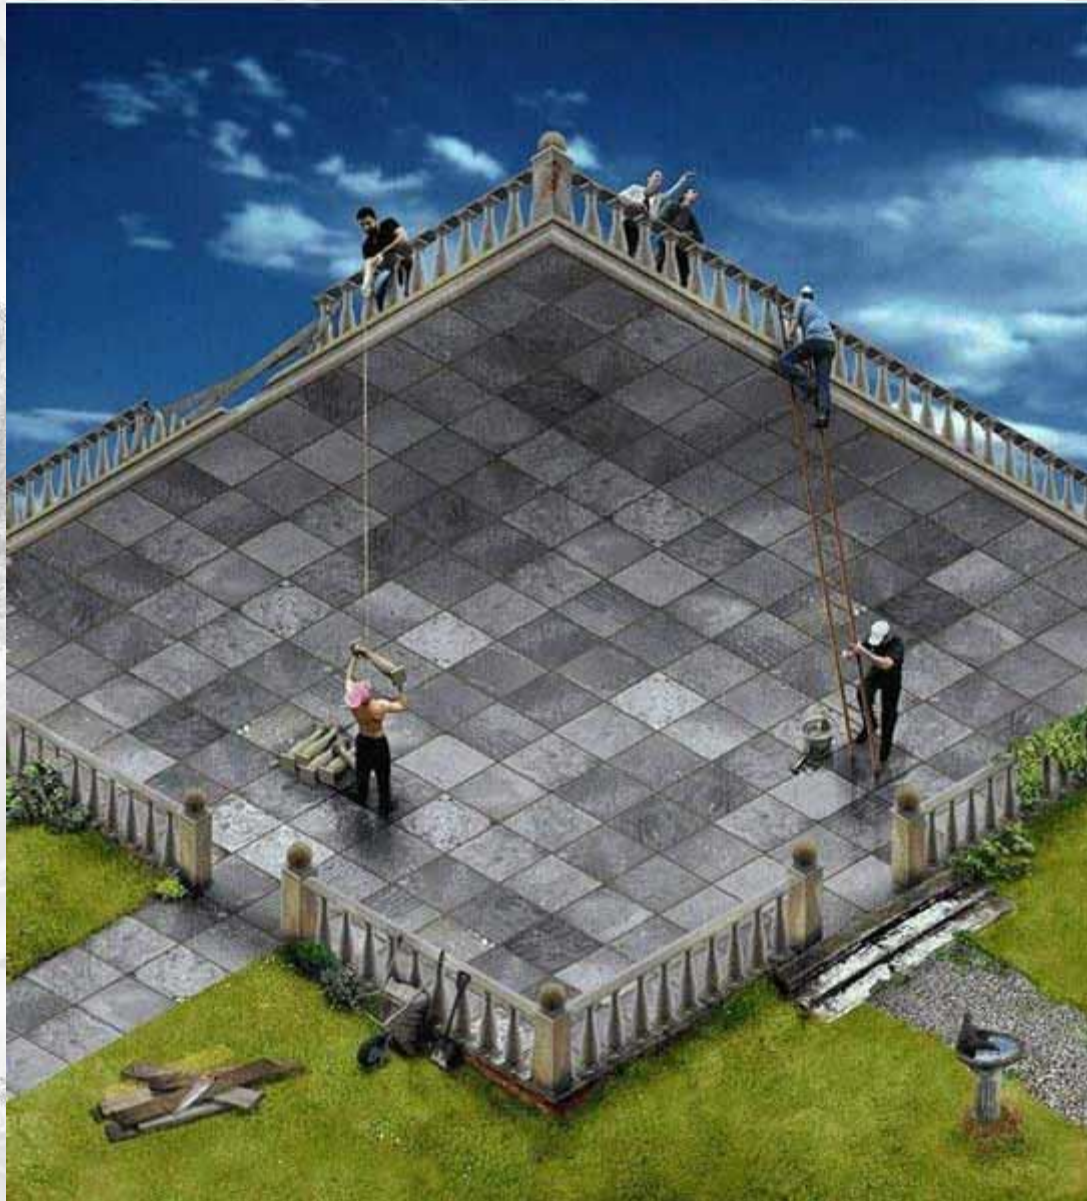

**Look around ..!**

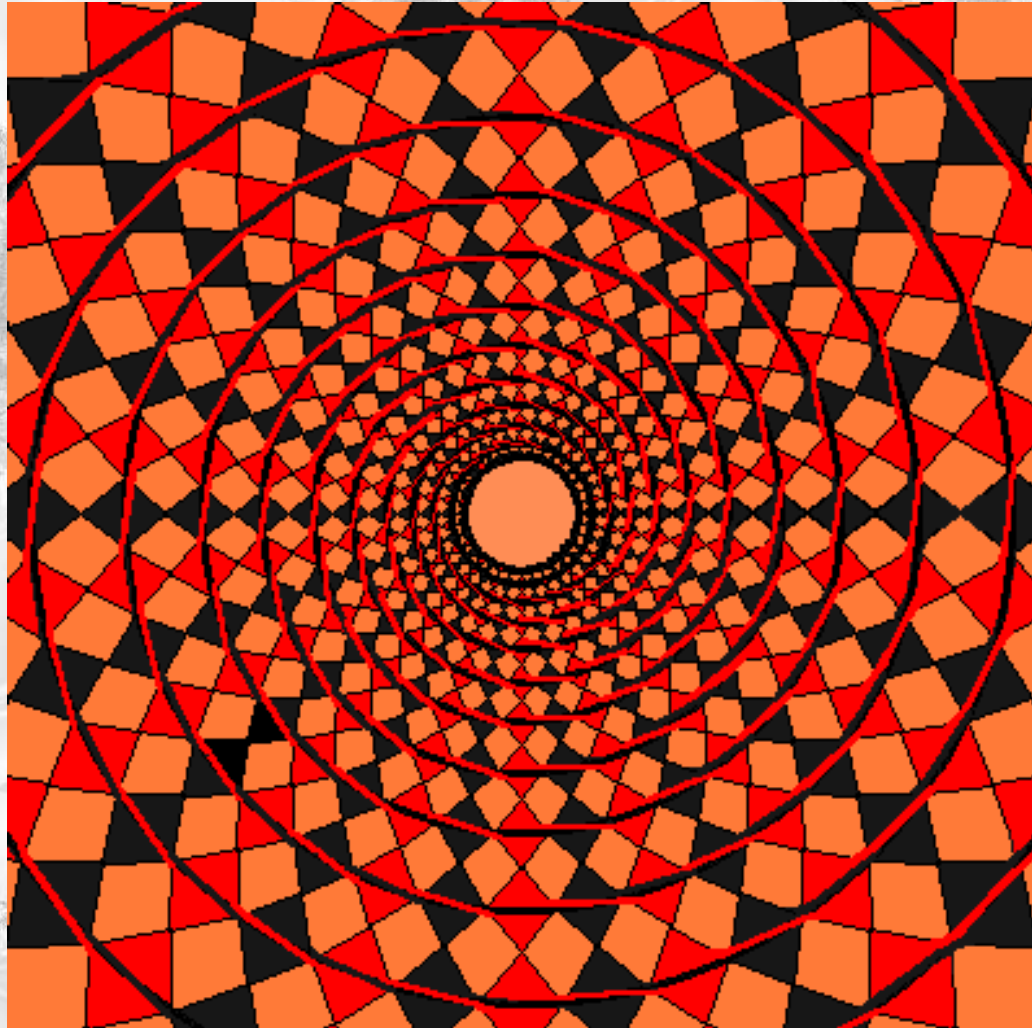

**How many legs does an elephant have?**

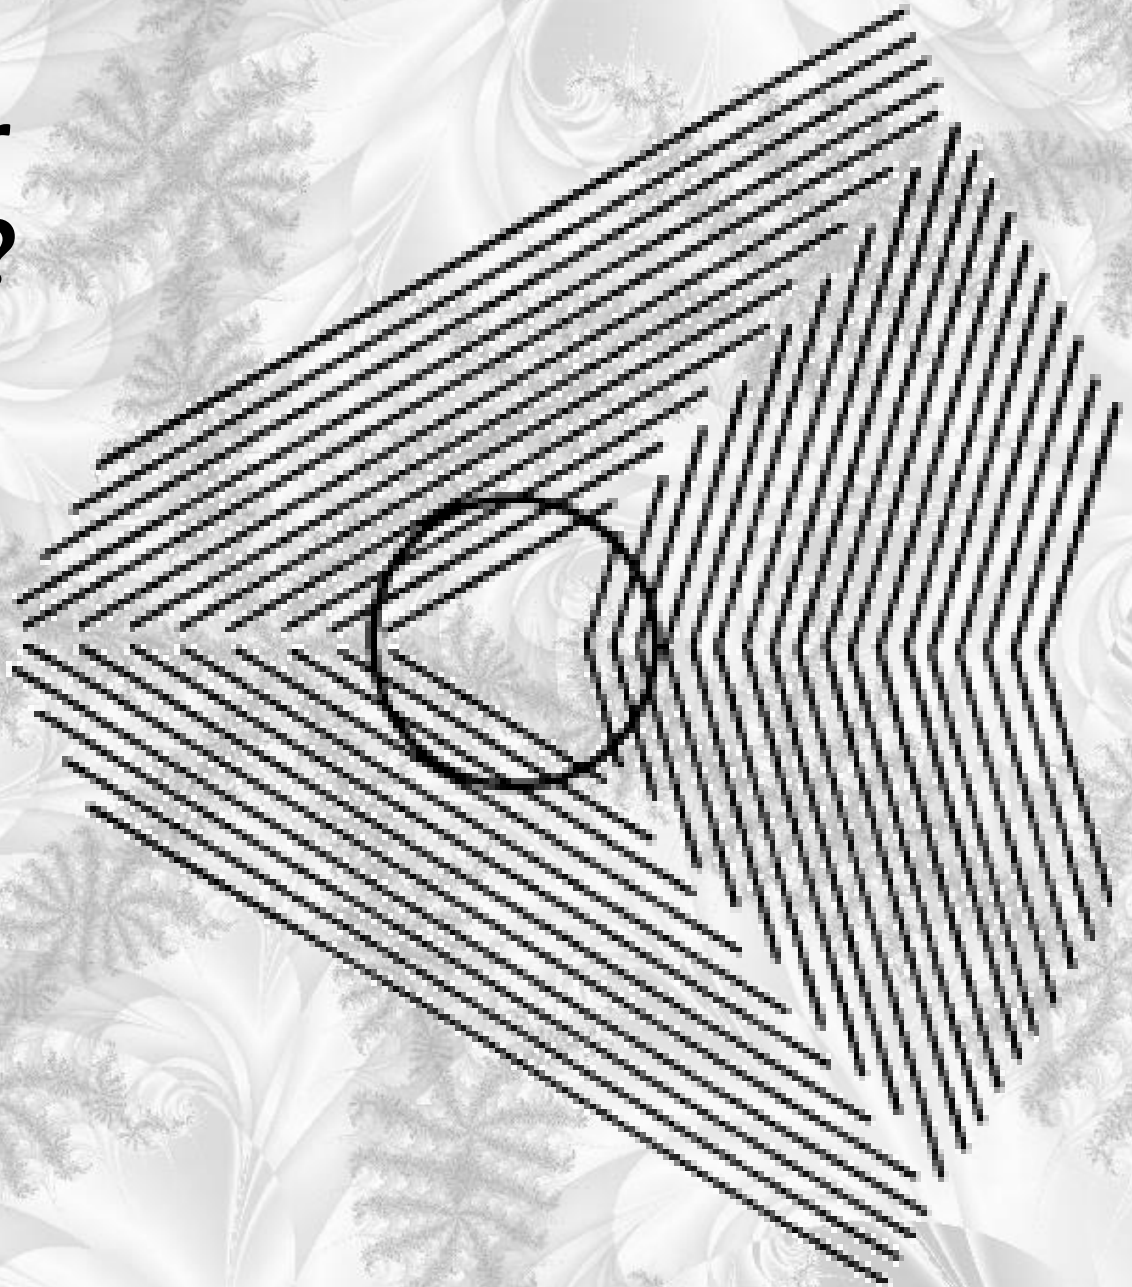

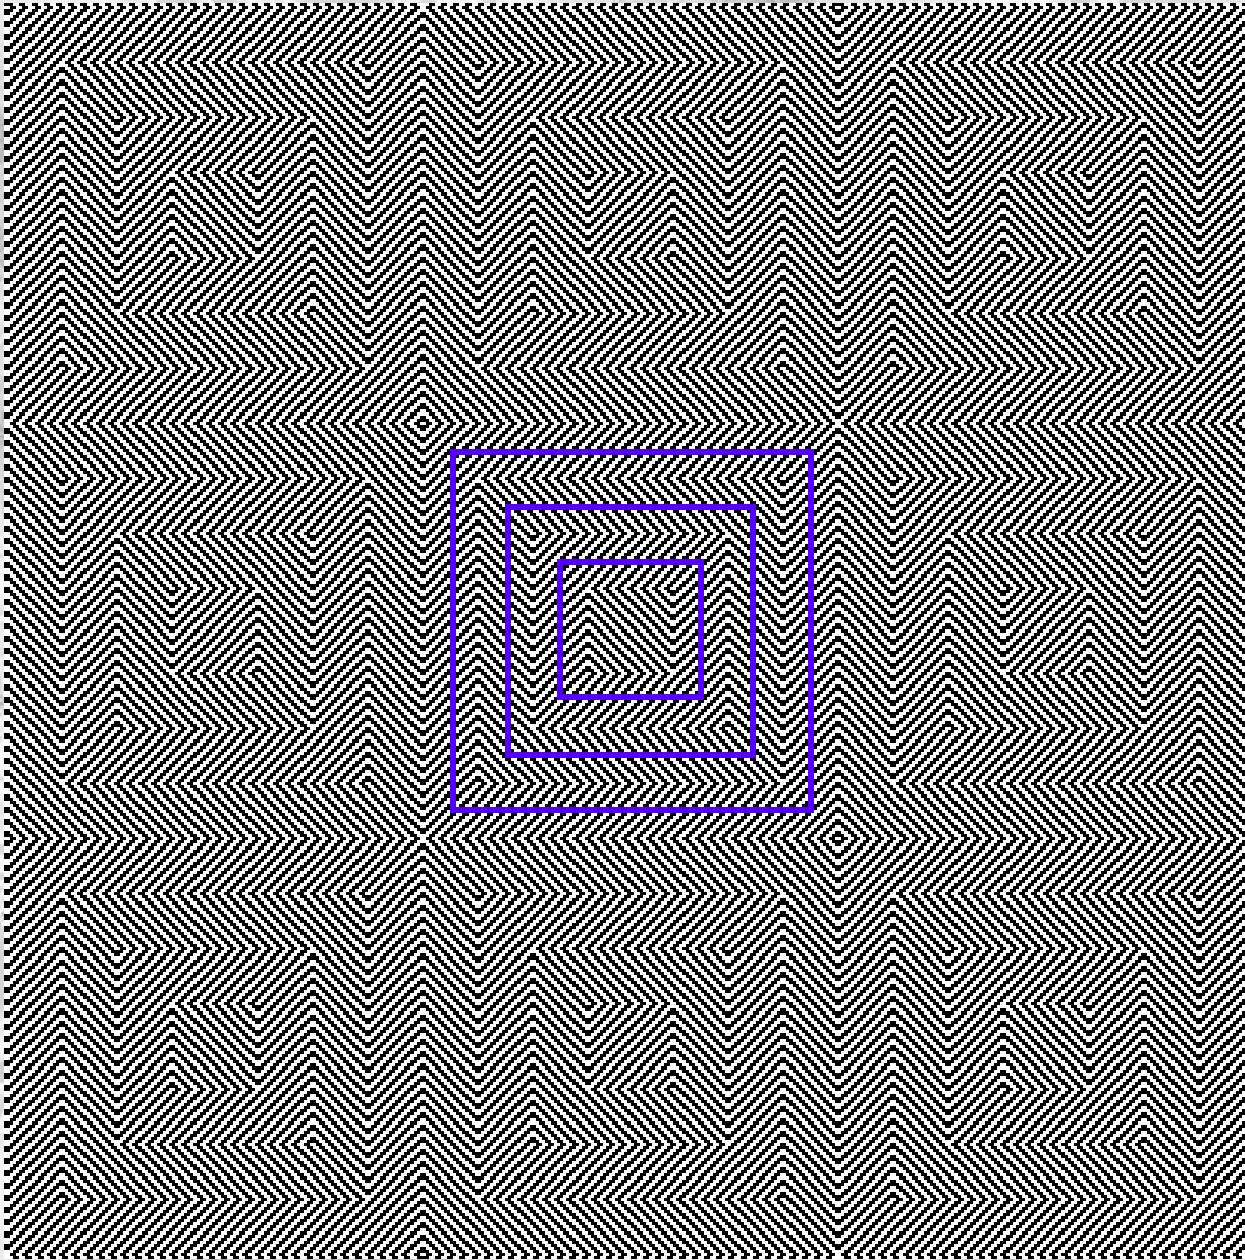

**Are you sure it's a spiral..?**

**How circular  
is your circle?**

**This one is  
perfect**

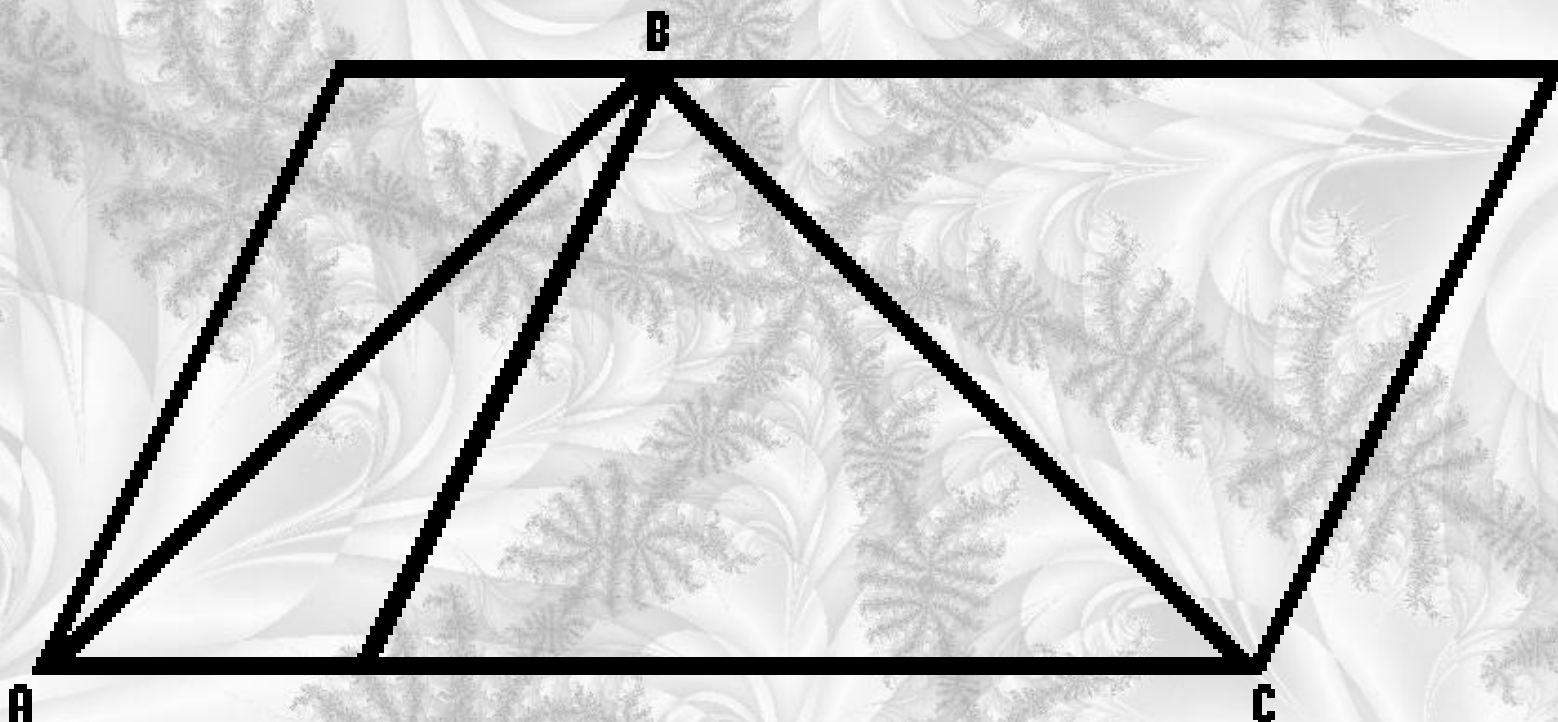

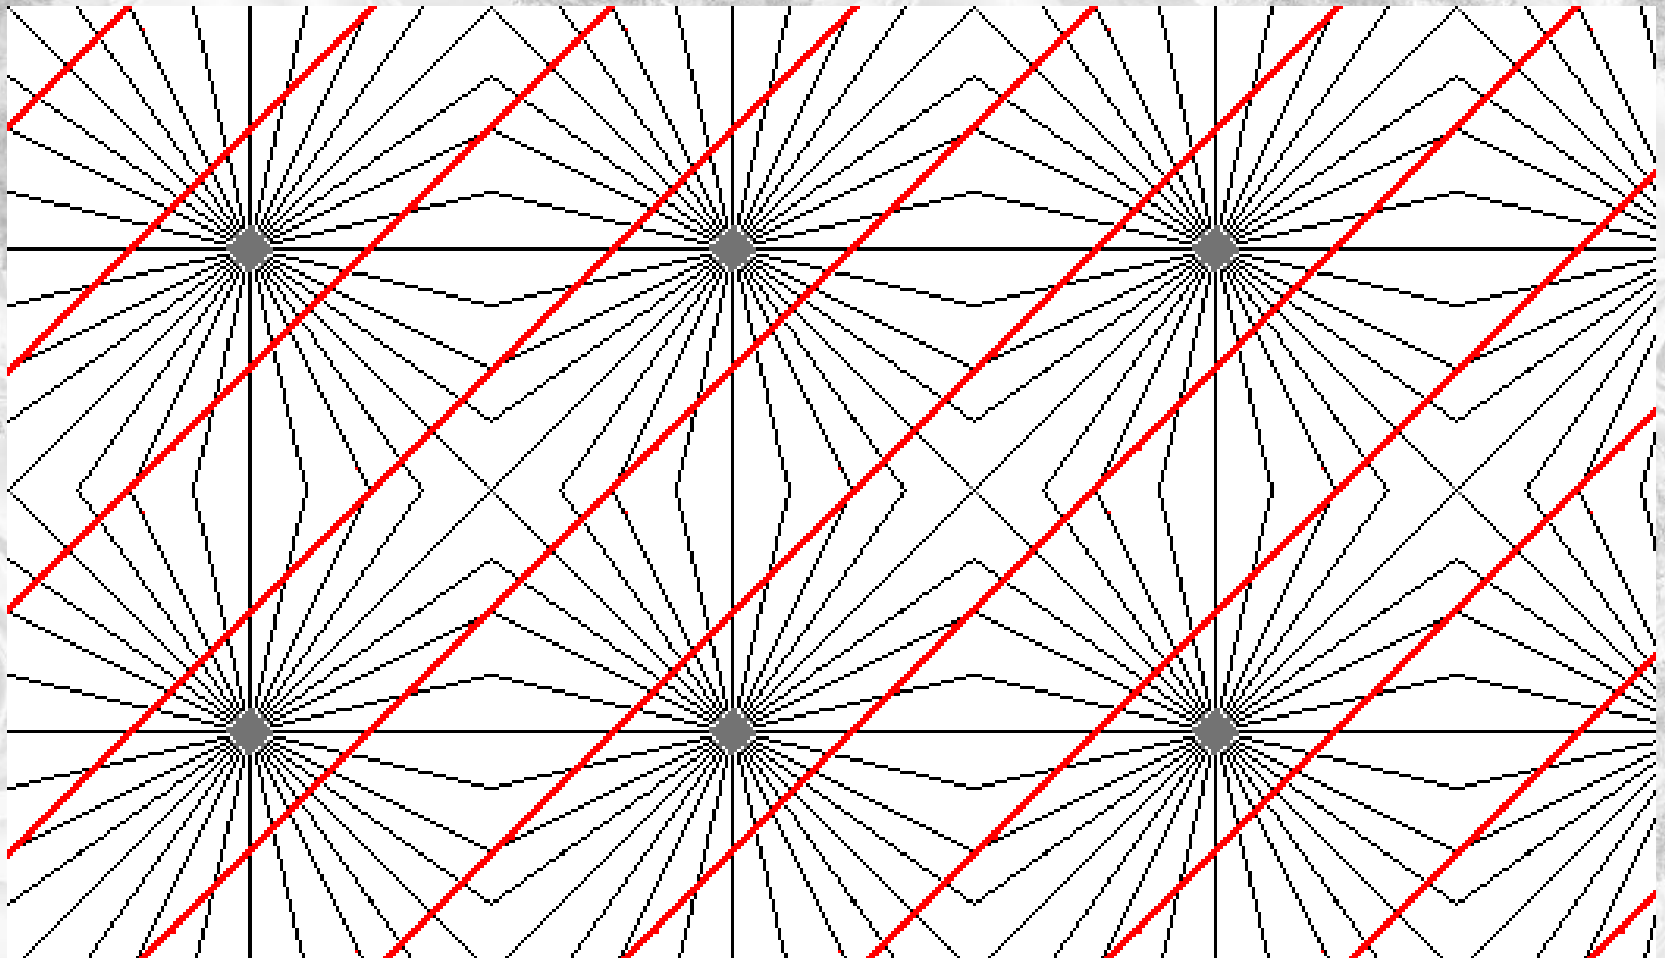

**The blue  
shapes  
are all  
perfect  
squares!**
